

Bishop Neil C. Ellis

Prepares for "Pursuing The Glory" National Book Release

Mega Church Pastor, 2nd Presiding Bishop to The Full Gospel Baptist Church Fellowship and World Renowned Speaker

Will Tour Country Promoting His Forthcoming Book "Pursuing The Glory"

Understanding the Glory of God is an essential part to the growth and maturity in the life of a believer.

Noted author of 10 books, Bishop Neil C. Ellis is embarking on a 10 City Tour to promote his new book that will be published nationally, this week. Next Year, Ellis will host a series of two (2) day Pursuing The Glory Crusades through-out the United States.

In PURSUING THE GLORY, Ellis profoundly reveals the various dimensions of the Glory of God, and how you can prepare, receive and maintain both the power and presence of God in your life. He specifically discusses the revelation of GLORY that came to him, after Vocal Cord surgery in 2007 where he was literally in a place of Silence for 16+ weeks:

"...the first two weeks were the most difficult and frustrating; I almost placed God on the witness stand. By the third and fourth weeks, my spirit had settled and I was able to manage my time and rest in the Peace of God. There was no pain whatsoever, just silence. Did you get that? No pain, just silence. During that time the Lord started speaking so powerfully that I was able to prepare forty-two (42) Sermons and complete my tenth book: The Power of Pain. Around the end of the third (3rd) week, the Lord spoke very clearly to my spirit and said, "When I raise you up and release you to return to the pulpit, I want you to lead the way in getting my Glory back into The Church. Out of those forty-two (42) sermons that I alluded to earlier, nine of those were messages on The Glory."

You will never be the same when you Pursue the Glory!

Foreword By Paula White

As our world experiences great changes and upheaval, the body of Christ is being called to prepare itself for God's ultimate will to be done on earth. Bishop Neil Ellis is a great general of the faith and prophetic voice delivering God's messages for equipping His people for the next age – and his powerful book, Pursuing the Glory is a vital guide to positioning oneself for God's greatness.

The body of Christ is in crucial times; we are in an age where we cannot afford to miss any opportunity to "hear God" – even as we experience life's tests and trials. While many times our first instinct is to "react" to stressful, challenging, or difficult situations with fear and panic, Pursuing the Glory encourages believers to recognize how unforeseen trials can offer us periods of reflection and a cease from the "norm" – often becoming the very circumstances by which God can, as Bishop Ellis writes, "download from His mind to our mind." Pursuing the Glory does not shirk from addressing the very real and practical issues many Christians are experiencing these days – rather, Bishop Ellis offers life-transforming insight on how we can change our perspective to find the hand of God at work in all of our circumstances. Through detailed examination and practical application, Bishop Ellis reveals how believers can draw closer to God during the coming period, and experience the kind of miraculous power and deliverance that results from consciously seeking to experience His glory.

As Bishop Ellis prophesies of a coming "collision" between the heavenly realm and the earthly realm, he provides insightful information on how Christians can invite God to abide intimately in their lives – that they might become the very "temples" of His Holy Spirit, written of in 1 Corinthians 6:19. It is this completely encompassing, physically palpable, manifested presence of God that we all desperately need today.

Pursuing the Glory reveals the crucial keys to attaining the total blessing of God's glory in your life – a glory that positions the believer for the pinnacle of destiny our Master Designer has planned for each of us. Bishop Ellis examines numerous Scripture verses alluding to the "glory," exploring its deeper significance in each context. His insightful common-sense approach provides believers with comprehensive, practical, and useful strategies for understanding and seeking God's glory.

Bishop Ellis takes it a step further, revealing how experiencing the glory isn't isolated to a church experience, or a matter of being in the right place at the right time. He reveals how it's possible to call God's glory down upon you with your praise, preparation, and purpose! What good news it is to know we can have full access to God's awesome presence in our lives by preparing a place for Him to abide with us!

Pursuing The Glory ultimately reminds us that it is our responsibility, as God's children, to take seriously the authority He has given us to seek, find, and embody His glory on the earth today. Bishop's Ellis' book will encourage you to become bolder in your worship, inspire you to praise the Lord with a stronger voice, and fill you with a joyous confidence in your relationship with the Father as a child of God. Bishop Ellis reminds us that the time is now...to walk in the healing, prosperity, faith, courage, determination – and above all, the love -- that will display to the world the glory and awesome power of our God. So get ready to be refreshed in the spirit by the life-changing revelation that awaits you -- as you embark on the journey to Pursuing The Glory!
